THOSE TAKEN BY HAND OF DEATH

Death of Mrs. Armstrong at Carlisle Follows Illness of only a Few Hours. County People Taken by Death.

MRS. ARMSTRONG
Brief note was made in The Times yesterday of the death of Mrs. Sallie S. Armstrong in Carlisle on Thursday evening.

Mrs. Armstrong was an earnest church worker and was on her way to the church to get ready for an oyster supper when she was taken ill on a street in Carlisle. She was assisted by several persons and placed in a cab which took her to her home. This was shortly after four o'clock and she died about 8.30.

Her daughter, Mrs. John Ziegler, of Gettysburg, was notified of her mother's serious illness, but the last train for Carlisle from Gettysburg had gone and Mrs. Ziegler hired an automobile and made the trip to Holly in one hour, a distance of 22 miles. From Holly she went by trolley and reached her mother's bedside fifteen minutes before she died. The funeral was held this afternoon.

MRS. ALBERT BRADY

Mrs. Mary Elizabeth Brady, wife of Albert J. Brady, died Friday morning at 1.45 o'clock, at her home in McSherrytown, after more than a year's illness. She was aged 49 years, 10 months and 25 days.

She was a daughter of the late Mr. and Mrs. Peter Krichen, having been born and spent her entire life in McSherrytown. In August, 1881, she married Albert J. Brady, of McSherrytown, who survives, together with five sons, Joseph C., Leo S., Hugh F., Charles E. and Robert A., all at home. She is also survived by three brothers, Louis and Frank P. Krichen, of McSherrytown, and Joseph Krichen, of Brunshtown.

Funeral Monday, Nov. 25, high mass of requiem at 9 a. m. in St. Mary's church, Rev. L. Aug. Reudner officiating. Interment on the family lot in St. Mary's cemetery.

MRS. JACOB WALTER

After a long illness, Mrs. Jacob Walter of Highland township, died at two o'clock this morning.

She leaves her husband and the following children, Mrs. Allen Krouse, Mrs. Jacob Stoner, Robert, Thomas, Samuel and Howard Walter.

Funeral from her late home at ten o'clock Monday. Services and interment at Flohr's church.

EMANUEL GINTER

After a prolonged illness from dropsy and heart failure, Emanuel Ginter died at his home in Bonneauville, Thursday, November 21. His age was about 80 years.

He is survived by his wife, two daughters and six sons.

FIFTY DEER

Estimated that Fifty Deer Have been Shot on South Mountain.

One week of deer hunting in the surrounding mountains by the numerous hunting clubs has made that species a rarity in this community. About fifty deer have been killed up to this time.

John Martin, who has been hunting with the Monterey club, killed a 190 pound buck Thursday. It required four shots to bring down the animal. In the skirmish with the deer, which followed the shooting, Mr. Martin ran a piece of underbrush into his eye inflicting a very painful injury.

Edward J. Taylor, of the Brysonia Club, shot a ten prong, 200 pound buck on Friday.

SMITH—SANDERS

Wedding of Well Known People in Lower End of the County.

SUSPECTED OF HORSE STEALING

Rides into Gettysburg at Midnight and would Leave Early in the Morning but Local Officers Take Stranger in Charge.

Saying that he was on his way to Wilmington, Delaware, Edward Shaley, residence unknown, rode into Gettysburg on horseback about midnight Friday and was arrested soon afterward on suspicion by Officers Shealer and Emmons.

Local authorities believe that the horse Shaley was riding was stolen somewhere nearby and they are holding him pending an investigation.

When the man arrived in town he went to the Fleming and Bair livery stable where he asked permission to leave the horse until four o'clock this morning, saying that he would get it then and start for the Delaware city. Ben. Carter looked the horse over, found it wasn't such a bad sort of an animal and, doubting the fellow's story, notified the police of the occurrence.

They took Shaley in hand and placed him in the county jail and waited until morning to start their investigations as to the ownership. Shaley is said to be about twenty years old and when questioned at the jail said he was on a riding trip from Mexico to Wilmington.

The authorities think that the horse was taken in one of the nearby Maryland towns.

DYNAMITE SHOW

Demonstrated Use of Dynamite for Farming Near Biglerville.

The demonstration of farming with dynamite given by the Keystone National Powder Co., of Emporium brought out a large crowd of enthusiastic farmers at the Luther Plank farm near Biglerville on Friday. Lower Brothers, of Table Rock, assisted by Harry L. Stahler, of Norristown, made arrangements for the interesting program which was carried out. The idea of the demonstration of this character is to educate farmers and fruit growers in the safe and economical method of handling explosives. The many uses to which dynamite can be brought by the practical farmer was shown to the crowd present. Deep plowing, stump blasting, tree planting, orchard rejuvenation and post hole digging made up the program.

FAINFULLY HURT

John F. Sharets Falls from Wagon and is badly Bruised.

John F. Sharets, a well known resident of Cumberland township, is ill at the home of Samuel Weikert suffering from cuts and bruises received when he fell from a wagon at the Weikert home one day this week. Mr. Sharets had hauled a load of corn for Mr. Weikert and was about to unload it when he fell off the wagon on his head striking some hard object and rendering him unconscious for a number of hours. He was taken into the Weikert home where he has been ever since and is unable to move without great pain. His injuries are not considered serious.

STARTED WORK

Active Operations on the Trolley Extension to New Oxford.

A corps of surveyors, who will work on the proposed extension of the street railway from Conewago to New Oxford, arrived Friday. The extension was commenced Thursday, when twenty employees of the Hanover and McSherrytown Street Railway company started work on the new line.

OPOSSUMS ETC.

Raccoons, Opossums and Pole Cats this Hunter's Game.

William F. Benchoff, residing along the road leading from Monterey turnpike to Pennersville, is the champion hunter in the Blue Ridge section. Thus far this season he has captured nearly two dozen raccoons, fourteen opossums and several polecats. Mr. Benchoff has been engaged in the "coon hunting pastime for a number of years and residents at Monterey and that section of the Blue Ridge district can hear the yelp of his three trained "coon dogs twice a week. He usually hunts by himself and says that he is always more successful in bagging "coons on Saturday night. He also has several muskrat skins in his possession—the rats having been captured in the nearby land below Pennersville.

HUNDREDS GO TO BALL GAME

Gettysburg People and College Students Turn out in Large Numbers for Gettysburg--Bucknell Foot Ball Game.

With several hundred students, the band and a number of other foot ball enthusiasts, the college squad went to Harrisburg this morning on a special train which left Gettysburg shortly before ten o'clock. This afternoon Gettysburg and Bucknell are battling on Island Park before one of the largest crowds which ever gathered in the Capitol City for a foot ball game.

The Gettysburg team is in the best shape of the entire season and practically all the regulars will be in the line-up except Mahaffie who has been out of the game ever since the Dickinson contest when he sustained injuries to his chest while advancing the ball for the first touchdown, which he finally made.

Kapp has been out of the game for some time and the ends who played against Dickinson are there this afternoon. Steek's showing at end on Saturday was little short of wonderful. Time after time he tumbled Dunn before he got started. Steek's weight 134, Dunn's 208. Dunn has been out of the game ever since while Steek was as fresh Saturday evening as before the game and was in practice every day of the week.

Bucknell has what is recognized as one of the strongest teams in the east and Gettysburg went to Harrisburg knowing that they would have to play remarkable ball to win. Bucknell lost but two games this year, one to Cornell and one to Swarthmore, the latter game by a point and even conceded by Swarthmore to have been deserved by the Lewisburg collegians.

The game at Harrisburg is run under the direction of the Gettysburg management, Bucknell being paid a guarantee and Gettysburg financing the proposition and securing the proceeds. The students from this college were admitted to the game on their tickets which entitle them to admission at all athletic contests here. Accompanying the band were several members of the town band and Gettysburg was sure to be well represented.

A mass meeting held on Friday evening brought out plenty of enthusiasm and the fact that the team was going to Harrisburg prepared to do its best.

After the excursion arrived in Harrisburg the band headed a parade from the Reading Station to the Bolton on Market Square and again in the afternoon before the game the Gettysburgians paraded the principal streets of Harrisburg.

DUTCH SUPPER

Pork and Saur Kraut Sold with Profit by Young Ladies.

The Dutch supper served by the Ladies' Guild of St. James church on Friday evening yielded about \$32. It was an old fashioned meal with pork and saur kraut as the "substantials." Ice cream was served and the people who attended spent a very pleasant evening.

The supper given the choir earlier in the week was prepared by the wives of the members of the church council.

To Marry. Groom-to-be Plenty Large but Too Youthful.

The following despatch from Baltimore, Md., appeared in the Philadelphia North American:

After being told that her husband-to-be could not be married without the consent of his parents because he is only 19 years old, Miss Margaret C. Lawrence, of New Oxford, Pa., left the courthouse today and brought her intended husband back to show the officials what a big boy he was.

Miss Lawrence gave her age as 23 years. She wanted a license to marry Howard C. Spellman, of Baltimore. "He is only 19 years old, but he is big for his age," she told W. T. Kelly, the clerk.

Kelly then recited the law, and ended solemnly with: "He, therefore, cannot obtain a license without the consent of his parents."

Miss Lawrence departed and returned with Spellman. He is a big fellow, but Kelly refused to issue the license.

MOUNTAIN FIRES

Fires Burning out Timberland are Reported at Two Places.

A fire started in the vicinity of Edgemont Wednesday, and has been raging ever since despite the efforts of the fire fighters. The origin of the fire is unknown, but it is supposed that it was caused by a passing engine. Several men were turning leaves near Pondsville Thursday, and the fire got beyond their control, spreading to the mountain and all day raged, being driven on by a slight breeze. After laboring for hours and endeavoring to build a fire path, the fire spread beyond their protection and the party endeavoring to keep the fire in check were discouraged for a time but again started to put out the fire. The leaves are very dry and the fire spreads with great rapidity and burns everything in its path. The larger timber is often killed where the leaves are very thick, but there is little damage done to the growing trees.

HOPE FOR PEACE AS WAR RESUMES

Bulgaria Expected to Modify
Conditions.

APPOINTS NEW ENVOYS

Fighting Has Been Renewed Along
the Entire Line of the Defenses at
Tchatalja.

London, Nov. 23.—"Come and take
them," the defiant reply of the Turks
to the demand made by the allied Balkan
nations for the evacuation of the line of
fortifications at Tchatalja in front of
Constantinople, is not believed in
diplomatic circles necessarily to mean
the end of the negotiations for an
armistice, even though fighting has
been resumed.

The announcement from Sofia of the
appointment of Bulgarian plenipotenti-
aries to discuss the terms of an armis-
tice with the Turkish envoys tends to
confirm the contention of diplomats that
the Ottoman rejection of the first
terms proposed by Bulgaria has not
barred the door to further negotia-
tions.

Even the Ottoman embassy agrees
that if the "exorbitant" demand for
the evacuation of the famous Tchatalja
line of fortifications is dropped the
principal obstacle to the discussion
of terms will be removed.

Dr. S. Daneff, president of the Bul-
garian parliament; General Savoff, the
chief of staff of the Bulgarian army,
have been appointed Bulgarian plenipotentiaries. They will proceed im-
mediately to the Tchatalja lines to meet
the Turkish plenipotentiaries there.

Now that the delegates have been
appointed it is expected at Sofia that
formal negotiations between the Bul-
garians and the Turks will begin in
twenty-four hours.

The rejection of the preliminary
conditions by the Turks caused little
surprise at Sofia. The Bulgarians ex-
pected to encounter the Turkish propen-
sity for bargaining, and therefore
demanded more than they expected to
obtain.

The Balkan allies are prepared to
grant reasonable modifications of their
terms, and are confident that Turkey
will finally agree to them. As they do
not fear that delay will cause them
any serious disadvantage, the Bulgarians
are all the more ready to make
concessions because they are anxious
to settle affairs with Turkey without
the intervention of the powers.

It is asserted that the Bulgarian
cabinet has given the European pow-
ers the assurance that the Bulgarian
troops will not enter Constantinople
and that this will obviate interference
from Europe.

Fighting continues along the entire
line of fortifications at Tchatalja, ac-
cording to dispatches from Constanti-
nople. The Bulgarians are continuing
their efforts to break through the
Turkish lines, but have hitherto been
prevented from doing so by the fire
of the Turkish warships.

In view of the fact that the Otto-
man capital, even if captured, must ul-
timately be evacuated in accordance
with the decree of the powers, it ap-
pears that the allies have nothing to
gain by insisting upon the surrender
of the lines which form virtually the
gates of the city.

The terms stipulated by the allied
Balkan nations provided for the sur-
render of Adrianople with its garri-
son, for the evacuation of the Tchatalja
lines in front of Constantinople, and
for the surrender of Scutari, Du-
razzo and Dibra. No mention is made
of Constantinople or the Dardanelles.

The Turkish cruiser Hamidieh ar-
rived at Constantinople in tow. The
warship was down by the stern, where
she apparently had been struck by a
torpedo. She was immediately docked.

A conference of importance began
at Berlin, when Archduke Francis Fer-
dinand, heir to the Austrian throne,
arrived from Vienna to discuss affairs
of the near east. Emperor William
and Foreign Minister Von Kiderlen-
Watchter met the archduke at the
railway station, accompanied by a
brilliant staff of state and army offi-
cers.

Thirty thousand Greek troops were
ordered to reinforce the Bulgarian
army attacking the Tchatalja de-
fenses. It will be some time before
the Greeks arrive on the firing line, as
they will have to cross nearly 350
miles of territory from their present
base south of Monastir.

COMMITTS SCHRANK TO INSANE ASYLUM

Court Disposes of Case of Man
Who Shot Roosevelt.

Milwaukee, Wis., Nov. 23.—John
Schrank, the New York man, who shot
Colonel Roosevelt, was committed by
Judge A. C. Backus to the Northern
Hospital for the Insane at Oshkosh.

This disposition of the case was
taken after the commission of five
alienists had filed its report declaring
Schrank insane and after ten or twelve
witnesses had given testimony in con-
nection with the shooting.

The conclusions of the report signed
by the alienists follow:

"First—John Schrank is suffering
from insane delusions, grandiose in
character and of a systematic variety.

"Second—in our opinion, he is in-
sane at the present time.

"Third—On account of the connec-
tion between his delusions and the ac-
t with which he stands charged, we are
of the opinion he is unable to control
intelligently with counsel on the con-
duct of his defense."

Schrank was conducted from the
county jail to the city hall by a strong
guard. He was pale, although he ap-
peared not to be excited. He listened
intently to the report of the alienists,
which was several thousand words
long.

The closing part of the commis-
sion's report consists of a long ad-
dress by Schrank to the alienists, in
which he apologized for causing un-
pleasantness in asking them to pass a
verdict in a case which should have
been better tried by a higher than
earthly court.

Schrank then goes on to review the
delusions in which he asserted he
looked into the dying eyes of the late
President McKinley, "when a voice
called to me to avenge his death."

AUSTRIA RESERVES CALLED

First Classes of Six Army Corps Sum-
moned to Join Colors.

London, Nov. 23.—The first classes
of the reserves of six Austro-Hungar-
ian army corps have been called to
the colors, according to a news agency
dispatch from Vienna.

Three of these army corps are sta-
tioned in the north and three in the
southeast of the Austro-Hungarian
empire.

Austria has placed a double mili-
tary guard on all the bridges over the
Danube, connecting Hungarian and
Serbian soil.

Austria's reported action in calling
out her army reserves is probably in-
tended to impress Serbia with the
danger of carrying further the dispute
between the two countries. The de-
flant attitude of the Balkan state in
demanding an outlet on the Adriatic
has been the most threatening feature
of the international situation brought
about by the present war.

MINERS OBTAIN WAGE AGREEMENT

21 Per Cent. Raise For West Virginia Men.

Charleston, W. Va., Nov. 23.—What is believed to forecast the end of the great coal strike in the Kanawha coal fields of West Virginia was announced in a signed wage agreement between the union miners and the officials of the National Bituminous Coal & Coke company.

The agreement practically recognizes the union, provides for an increase of about 21 per cent in wages, reduces tonnage, permits the miners to organize, provides for a nine-hour work day, and gives the men now on strike preference if they should desire to return to work.

The miners are jubilant over the agreement with the National Bituminous Coal & Coke company. This concern, owned by eastern capitalists, was incorporated but a few days ago for \$2,000,000. At present the company operates mines at Crown, W. Va. It has, however, practically closed negotiations for the purchase of the mines of the Holly Stephenson company, located at Eskdale. The agreement will affect upwards of 600 union miners now on strike. With these men returned to work the end of the strike, it is said, is in sight.

CRITICISE CARNEGIE PENSION

President Taft May Not Accept Iron-master's Bounty.

Washington, Nov. 23.—While President Taft has not commented publicly on the Carnegie plan to give all future ex-presidents of the United States or

their widows a pension of \$25,000 a year, the impression is strong among Mr. Taft's friends that he will not accept the bounty.

It is certain, however, that the president in any action that he may take will show a thorough appreciation of the motive behind the Carnegie generosity. He may commend Mr. Carnegie's proposition, but in declining the gift himself suggest that his action should not be taken as establishing any precedent.

As was indicated by the few expressions obtained from senators and representatives, the Carnegie Foundation plan met with almost general disapproval on Capitol Hill.

It was very plain, however, that the Carnegie plan is likely to have a wholesome effect in spurring congress to a duty which it has shirked for many years.

TELLS PLAN TO BLOW UP BURNS

McManigal Says J. B. McNamara Proposed Bomb.

KNEW THEY WERE WATCHED

He Explained How Non-Union Work Was Dynamited During Conspiracy Trial.

Indianapolis, Ind., Nov. 24.—Explosions on non-union work in Milwaukee, Wis.; Omaha, Neb., and Springfield, Mass., were explained by Orrie E. McManigal at the "dynamite conspiracy" trial as having been done by him shortly before he and James B. McNamara, arriving in Detroit to "clean up" that city, were arrested with suit cases filled with dynamite.

For weeks before his arrest, he testified, he had observed that he was being followed and had seen strange heads dodging around the corners of elevator shafts in the iron workers' headquarters in Indianapolis.

"I told James B. before we started for Detroit that William J. Burns had detectives after us; that detectives were even coming up near the vault where we stored the dynamite, and that one of them followed me when I was going with a suit case of dynamite to blow up the South Chicago job," said McManigal.

"McManigal said if we saw any more of them we would go to Chicago and rent a room next to Burns' office, put an electric wire through the wall and arrange to set off from our room a bomb in Burns' desk when he was sitting there. That would make an end of our troubles with him, he said. I told him I didn't think we would do anything of the kind or ever get near Burns."

That was about April 5, 1911, McManigal said. He and McNamara were arrested seven days later.

For blowing up an unloading hoist and damaging a steamer near the docks at Milwaukee on March 16, with a loss of \$50,000, McManigal said he received the compliments of John J. McNamara, "for the best job he ever did."

When he destroyed part of the Douglas county court house at Omaha, on March 24, he said he was "called down" because he did not cause the explosion to occur at exactly the same hour James B. blew up a job at Columbus, Ind., a telegraph signal having been arranged to send word, when he was ready, to John at Indianapolis.

At John J. McNamara's instructions, McManigal said, he went to Springfield, Mass., and there met Michael J. Young, the union official at Boston, who pointed out a tower in a group of municipal buildings he wanted blown up.

"I put two bombs in the tower on April 3 and took a train for Utica, N. Y. Then I went to Rochester, N. Y., and bought a dozen alarm clocks to be used in making bombs."

McManigal told the story of finding his little girl in the kitchen of his home playing with eighty-one pound sticks of dynamite which he had left to thaw.

The dynamite testified that he and James B. McNamara had gone to Chicago to blow up non-union work in South Chicago, in February, 1911, but they found the dynamite frozen.

James B.'s suggestion he put the dynamite on a radiator and went to look over the proposed job. When he returned, he said, his little daughter was on the floor with the dynamite and James B. was testing a battery.

"I B. laughed when he saw my little girl toying with the explosive," said McManigal. "He said, 'Tell papa what that is.' My little girl replied: 'Why, it's dynamite. I know it won't hurt me,' and kept on playing. The way J. B. laughed made me mad and I ordered him out of the house."

The girl rode horseback to the post-office at Pleasant Ridge, but failed to return. Searchers found her dismembered body. She had been dragged from her horse and attacked. Her head was cut off, both legs were severed from the body and the trunk was cut in two.

HELD AS COUNTERFEITER

Mohnton Business Man Charged With Passing Bad \$10 Bills.

Reading, Pa., Nov. 23.—The county detective of this county took quite a number of residents of Mohnton, a suburb of Reading, to Lancaster, where criminal proceedings have been entered against Hiram Griffiths, a business man of Mohnton, charging him with passing numerous \$10 counterfeit bills.

Griffiths is now confined in the Lancaster jail. The general supposition is that a counterfeiting plant is turning out the "queer" near Reading. Secret service men are now on duty hereabouts.

RAILROADS INDICTED FOR GIVING REBATES

Accused of Giving \$60,000 to Coal Company.

Chicago, Nov. 23.—Three subsidiary lines of the New York Central railway system and a Chicago coal corporation were indicted by the federal grand jury, charged with giving and receiving rebates.

The companies named in the bills are the Lake Shore & Michigan Southern Railway company, the Cleveland, Cincinnati, Chicago & St. Louis Railway company, Chicago, Indiana & Southern Railroad company and the O'Gara Coal company.

The indictments grew out of the payment of \$60,000 by the Lake Shore Railroad company in the latter part of November, 1909, to the coal company, for which no proper accounting was made to the government.

The investigation into rebating charges that have been made will continue. Charges, it was said, against high officials of the New York Central lines is said to be the object of further inquiry by the federal grand jury.

SEEK TO AMEND CONSTITUTION

Three Vital Amendments Before Suffragists.

IS A REAL CONVENTION

National Gathering in Philadelphia Gets Down to Work, With All Sorts of Rows on Its Hands.

Philadelphia, Nov. 23.—Any misguided man that fears political conventions might degenerate into natty pambly affairs just wants to take the first train to Philadelphia and see the suffragists—don't call them suffragettes or there will be a row.

They got right down to real work in the national convention. It's a real convention, too, for there are all sorts of rows. The women don't use quiet such hard words as the men might use, but they are able to call each other falsifiers in the most ladylike manner.

The convention hall in which the battle is being held is beautifully decorated with flags. "Madam Chairman" is the way Dr. Anna Shaw is being addressed.

Underlying the discussion was a sectional fight which bids fair to wax warm and warmer. It developed that the headquarters of the association will no longer remain in New York without a protest of a most vigorous nature from the delegates west of the Rockies. The unit rule was invoked to prevent the passage of amendments to the constitution prohibiting officers of the association from participating in partisan politics, and it was hinted that the rule is expected to have its effect in the election of officers.

When the reports had been made and adopted, the corresponding secretary read a printed list of proposed amendments to the bylaws and constitution. Among these were three of vital importance. In substance they wear that the headquarters should not be permanently located in New York, or anywhere else; that officers or even members of the association should not take sides in partisan politics, except in states where the right of suffrage exists, and finally, that a secret ballot for officers should be cast, each delegate exercising her individual preference.

In the constitution of the association there is a clause which permits the unit rule to be effective when five states have so requested. Quietly Miss Harriet Mills, of New York, had circulated among the delegations and gotten what purported to be the support of that number of states.

Delegates were on their feet by the half dozen in protest. The chair ruled that Miss Mills had obtained the requisite number of states. A motion was made to overrule the decision of the chair. It was a viva voce vote and the chair was sustained.

Miss Evans, of Rhode Island, submitted a suggestion for a law to be submitted by the women suffragists to all of the state legislatures in which women now have no right to vote. It follows:

"That in any election hereafter held in this state for the election of presidential electors, the right of any citizen to vote shall not be abridged on account of sex; a woman may vote at such elections the same as men, under like restrictions and qualifications."

Miss Thomas, president of Bryn Mawr college, introduced a resolution in the form of an amendment that extra funds be raised by taxing subsidiary state organizations \$50 each a year and 10 cents apiece for every member up to 5000. These organizations would be allowed more delegates in return, the resolution pointed out.

Miss Clay, a niece of the great Henry Clay and a leader in the southern suffrage movement, protested to this step, saying that many of the southern state organizations were too poor to pay such a tax, and would have to drop out of the national association. The resolution was referred to a sub-committee of five.

Held For \$5000 Ransom.

Washington, Nov. 23.—The state department received word that William M. Fink, an American citizen, superintendent of the San Toy Mining company, whose camp is fifteen miles from Chihuahua, is being held for \$5000 ransom by the Mexican rebel bands which captured Santa Eulalia Wednesday.

Marburg Goes to Belgium.

Washington, Nov. 23.—The appointment of Theodore Marburg, of Baltimore, as United States minister to Belgium, was announced by the state department. Mr. Marburg will succeed Larz Anderson, who has been made ambassador to Japan.

King's Brother Wounded.

Uskub, Nov. 23.—Prince Arsene, a brother of King Peter of Serbia, was badly wounded in the battle which preceded the capture of Monastir, it was learned here.

Steel Cage For Scared Violinist.

SOCIALISTS GAIN

Material Gain over Four Years ago, Prohibits Lose.

Exclusive of the votes of Philadelphia and Allegheny counties, Eugene V. Debs, socialist candidate for President, polled 51,577 votes in Pennsylvania on November 5, the count of the votes for the first elector in the Socialist column, having been made. The returns of the two missing counties will increase the vote materially. In 1908 Debs polled 33,914 votes in the whole state. A count of the vote for the first Prohibition elector with two counties missing shows that Chafin received 17,560. In 1908 the vote of the state for Chafin was 36,694.

COUNTERFEIT BILLS

Spurious Note Said to be in Circulation. Government Wise.

Three new counterfeit notes have been unearthed by the United States secret service and a warning to the public has been issued.

The counterfeits are a \$10 national bank note on the First National Bank of Ashley, Pa., \$10 gold certificate and a \$20 gold certificate. The national bank certificate is said not to be unusually deceptive—and its portrait of McKinley has a smeared appearance. The \$10 certificate counterfeit is a fair reproduction on good quality paper, although the imprint of the seal is rather faint and ragged and the lathe work is poor, while the \$20 counterfeit is a re-issue with slight changes of a former spurious note discovered last April.

NO BASKET BALL

Dickinson Discontinues Sport through Lack of Interest.

Paul G. Brown, who was elected manager of the Dickinson College basketball team for the coming season has sent out notices to a number of the Eastern schools and colleges that Dickinson will not be represented by a basketball team this year. The reason assigned to this action is that there is insufficient interest manifested at the institution for this game, and it is believed that if allowed to go a year or two it will be revived. The Law School as usual, will be represented by a strong five.

Cleanliness in handling, in straining and in separating the milk is a thing that cannot be too religiously adhered to, for prevention is the key word to quality in all dairy work.

The cow is a fertilizer factory, a butter factory and a skim milk factory; yet many farmers feed her as little grain as they dare in the winter and none at all in the summer.

The announcement below is from the December issue of The Ladies' Home Journal.

You can be well dressed at moderate cost—if you wear Wooltex

Wooltex garments are the most economical you can buy. They are so well tailored, and of such high-grade materials, that you can be sure they will hold their attractive appearance.

You want more than style in your coats and suits. You must have the intrinsic qualities, both inside and outside, seen and unseen, which keep a garment fresh and spick and span.

It is quality in fabric, in tailoring, in finish, that gives the Wooltex garments, as long as they last, that "just back from the tailor" freshness.

The new winter coats, of which we show three miniature pictures, are examples of Wooltex styles and values.

The Madeleine, The Teddy Bear, The Symphony—each a charming model—yet each different from all the hundreds of other fall Wooltex designs.

Good-fitting, becoming, beautiful coats, of superior quality at moderate price—therefore, economical.

Each of these is priced far below its value as measured by usual standards.

You can see the beautiful Wooltex coats, suits and skirts for fall in your own city at

Indigestion

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness.

MI-O-NO Stomach Tablets Banish all Misery, Gas and Sourness.

You know that most of the ailments named above come from an out of order stomach; of course you do.

If your food doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, nervousness, sleeplessness.

MI-O-NO will end all stomach misery or money back. A large box costs only 50 cents and is sold by the People's Drug Store and druggists everywhere.

Start Right Now To Banish Catarrh

Sprays and douches can't destroy the devilish germs of Catarrh. If you believe that liquids reach the air tubes, try to swallow a little water the "wrong way."

Booth's HYOMEI is an antiseptic soothing, healing air, made chiefly from Australian Eucalyptus. Its so easy to use; just pour a few drops into the hard rubber inhaler and breathe it; that's all.

You'll know in five minutes that HYOMEI is reaching the sore membrane and its soothing influence is bringing you most comfortable relief.

For Catarrh, Croup, Sore Throat, Coughs, Colds and Asthma People's Drug Store is authorized to guarantee HYOMEI or money back.
